Spirometry Refresher Workshop

Workshop recommended to those who are currently performing Spirometry in any Professional setting, General Practice Occupational Health and Corporate Wellness

GPS: YOU MAY APPLY FOR CPD POINTS IN THE RACGP OA & CPD PROGRAM VIA THE COLLEGES ONLINE SELF-RECORD FACILITY

When: Thursday 14th October 1pm-5pm

venue: CWA House West Perth

Registration closes: Wednesday 6th October

Cost: \$220 per Ginc GST)

Workshop materials included:

Spirometry equipment provided

This workshop will provide an opportunity for those performing spirometry to update and refresh their knowledge, and for those who may also be a little unsure or lack confidence in their skills, to gain additional training experience. Refresher workshops are recommended every two years. The workshop will review the International Spirometry Guidelines, test performance and correction of patient technique, result interpretation and reporting.

Participants are encouraged to bring along questions, queries, and problems that they have encountered and although equipment will be supplied, they may also bring along their own spirometers for general model-specific questions. Participants experiences will be 'workshopped' during the session. Attendees will receive a certificate from ProHealth Training confirming attendance at a spirometry refresher and currency in knowledge base.

ProHealth Training is Western Australia's leading provider of spirometry training courses including the Mine Health Spirometry Course, the industry standard required for the Dept of Mines and Petroleum (DMP) Mine Workers Health Surveillance (MWS) programme. Trainers: Sally Young and Bill Smith are both Senior Respiratory Scientists with considerable experience in lung function testing, teaching and training with over 50 years combined experience between them.
